BTEC Assignment Brief

Qualification	Pearson BTEC International Level 3 Diploma in Horticulture Pearson BTEC International Level 3 Extended Diploma in Horticulture
Unit number and title	Unit 42: Landscape and Garden Design
Learning aim(s)	**A** Examine the key information required to produce a landscape and garden design brief
Assignment title	Landscape and garden design brief
Assessor	
Issue date	
Hand in deadline	

Vocational Scenario or Context	You have started your own freelance garden design and landscape business. You are building up your client analysis materials so you can ensure that you have a consistent approach to each client, and that you are adhering to legislative requirements. Your materials will be professional, and will highlight the key areas that you must address and manage during the design and landscaping process.
Task 1	Produce a report detailing the information that a designer needs from a client, and the legal and contractual issues that must be taken into account. In your report you should have a clear structure and include: • client needs analysis; client brief questionnaire and managing client expectations • national and local legal conditions and restrictions that influence design choices • garden designer professional practice documentation.
Checklist of evidence required	A written report.

Criteria covered by this task:	
Unit/Criteria reference	To achieve the criteria you must show that you are able to:
A.D1	Evaluate client, legal and contractual requirements for the production of a landscape and garden design.
A.M1	Assess client, legal and contractual requirements for the production of a landscape and garden design.
A.P1	Explain requirements using a questionnaire that identifies client needs for a landscape and garden design.
A.P2	Explain legal and contractual factors relevant to the production of a landscape and garden design.
